Dear Sirs:

Your Catalogue for the April 16 sale received, for which I thank you.

Nos 1078 to 1082 look to me interesting but but I am not acquainted with them, and do not know their value, I should like to know what I ought to bid on such items, if you can spare the time to write me. The Egyptian - Glass money Nos 1088 & 1089 I am also unacquainted with and would ask you to give me a little information as to bid. Also 1090 to 1093?

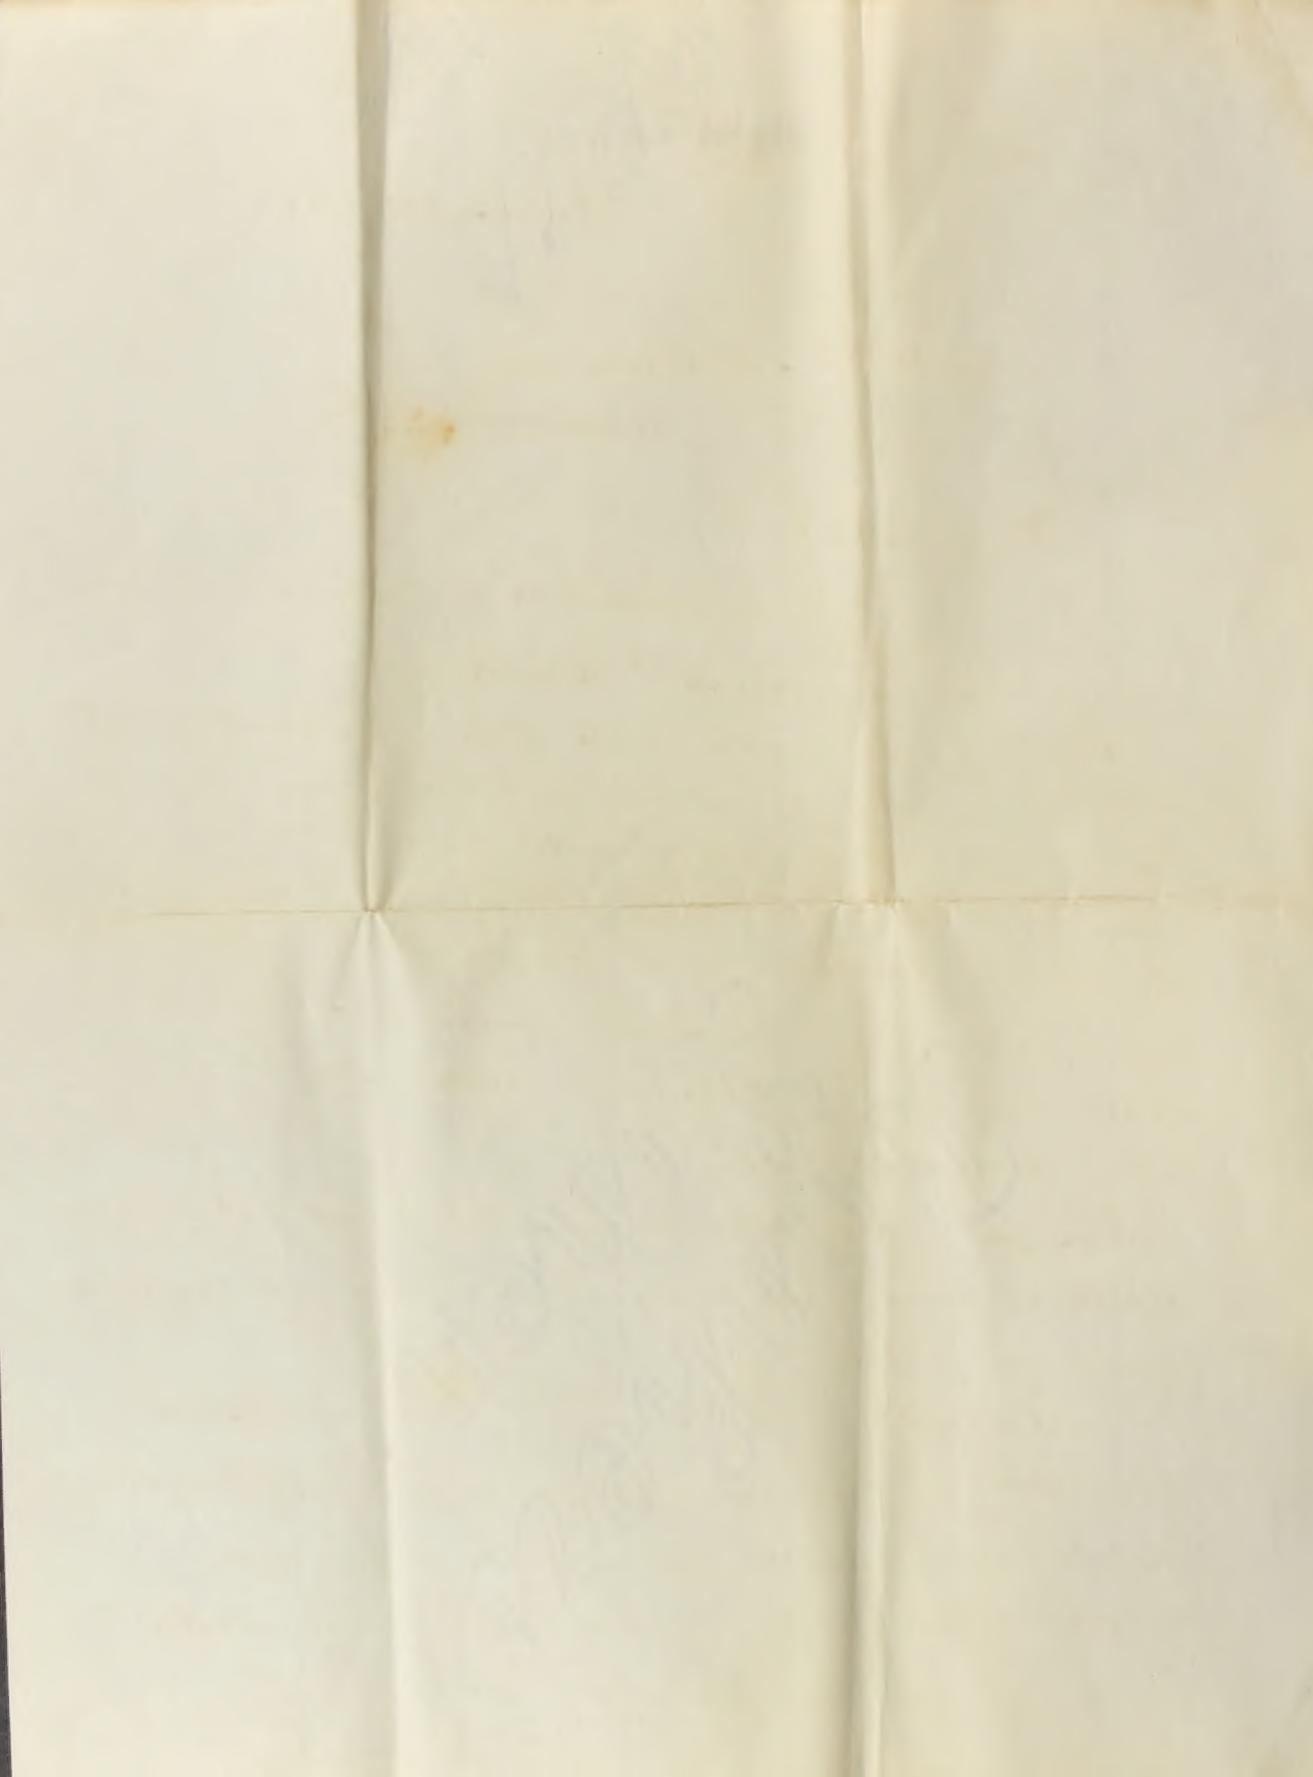

I send a few bids on another sheet, I feel a little awkward in doing it as I am not very well posted in prices.

I will send you a check to cover all the bids if you like, or perhaps my references which I refund you two some months ago will be sufficient.

Will be glad to do as you wish in the matter.

Yours very truly.

V. J. Hannum.

✓ #	1107.	2.00	
#	1333.	.40

I think you must have meant #1358 when you said  
1.50 to 25 a volume but you wrote #1353, as I understand  
#1353 it is one volume. However we will let it go  
this way and if it is my mistake I will leave it  
as it stands.

Thanking you for your interest in these matters

Gentlemen;

I hope you will excuse my carelessness  
in sending only part of what was due you.  
I waited purposely before sending the check due  
you on the date until I looked over the coins  
sent me, and in my hurry forgot it.

I thank you for your offer to send selection of  
Roman coins, but I shall be away from home  
soon and would prefer to wait a few months.

I enclose check for \$31.69 to balance on account.

Yours very truly  
V. G. Hammes.

P.S.

Can you tell me anything about the silver ring  
I bought from you?

and you cannot tell me where  
you get a hold of such men. I have  
seen them in the streets and in the saloons & bars  
but I have never seen them in the stores or  
anywhere else. They are not  
the kind of men you would expect to see  
in a store or in a bank. They are
